**Sam' Gacchadvam'
Song For Begining Collective
Meditation**

SAM'GACCHADVAM' SAM'VADADHVAM'
Let us move together, let us sing
together
SAM'VOMANA'M'SI JA'NATAM
Let us come to know our minds
together
DEVA'BHA'GAM' YATHA'PURVE
Let us share like sages of the
past
SAM'JANA'NA UPA'SATE
That all people together may enjoy
the Universe
SAMA'VII VA A'KUTI
Unite our intentions
SAMA'NA HRDAYA' NIVAHA
Let our hearts be inseparable
SAMA'NAM ASTU VOMANO
Our minds as one mind
YATHA' VAHA SUSAHA'SATI
As we, to truly know one another,
become one
(Rig Veda)

Higher than the Mountain Peak

And You're higher than the mountain
peaks

And You're deeper than the deepest
sea

And Your greatness is everywhere
In the mountains and everywhere

Baba Nam Kevalam

And your fragrance is like perfume
And your beauty's like a rose in
bloom

Just your touch will make us high
And your sweetness will make us cry.

Many Many Rivers

There are many many rivers, but they
all are one

As they flow towards the ocean, and
mingle and become

Part of one another, one big sea,
swelling , growing, overflowing
Free, free, free

We are many many children but we all
are one

As we run towards the truth, and
mingle and become

Part of one another, one family,
Swelling growing overflowing,
Free, free, free.

Nityam Shudam

Song for Ending Collective Meditation

NITYAM' SHUDAM' NIRA'BHA'SAM
Eternal, Pure, Indescribable
NIRA'KA'RAM' NIRANJANAM
Shapeless, without blemish
NITYABODHAM' CIDA'NANDAM'
Omniscient, all blissful
GURUR BRAHMA NAMA'MYAHAM
To that dispeller of all darkness,
the supreme consciousness Itself, I
pay my deepest salutation

(Upanishads)

On and on

C G Am Em
F C
On and on and on and on and on and
on and on, and on forever,
There's a way, You and I are
walking
Down this lonely road together,
there's a way.

There's a place in your heart

There's a place in your heart where
there's room for everyone
Where there's love, peace, and joy
and a home forever more
And since time has begun we have
searched our whole lives through
To find that place in your loving
heart.

Peace is the Ocean

The golden dawn of my life, is it returning again.
Piercing the darkness of countless pains, countless agonies, countless humiliations, the golden dawn of my life, is it returning again? How many twilights, how many dawns, how many Autumn and Spring nights, how many hopes and aspirations have all passed away, floating away on our tears.

On the eastern horizon, the crimson dawn smiles, the fragrance of flowers floats on the air. With the new delight of the new year, the memories of pain all vanish away.

Sailing

I am sailing, I am sailing
Home again 'cross the sea
I am sailing stormy waters
To be near you, to be free

I am flying, I am flying
like a bird, 'cross the sky
I am flying passing high clouds
To be with you, to be free.

Can you hear me, can you hear me
Through the dark night far away
I am dying, forever trying
To be with you, who can say.

We are sailing, we are sailing
Home again, 'cross the sea
We are sailing stormy waters
To be near you, to be free

On the Peak of a Mountain

On the peak of a mountain
Storms blowing all around
Tearing away my worn out robes
One by one
Baba nam Kevalam

In the depths of my heart
Lies a spark of truth
I long to expose it to the wind
And have it fanned into a roaring
flame

Losing the way in the dark ocean
Forget not the pole-star of your
life.

Beyond the dark ocean lives the
formless stealer of mind.
Our minds dance around Him, crossing
the veil of darkness.

Place fresh flowers on the altar of
mind

Fill the mind with a smile bathed in
dewdrops

See His effulgence radiate in the
vast blue space,
In the formless ocean of
consciousness.

There is no need to pray anything.
No asking, no attaining;
See Him nearest to you, to your heart
contant.

We are Family (capo 3rd fret)

Am

We are family

Brothers and Sisters all are we

We were born to be here together

To share the earth and sun

Share our love with everyone

As we go down that road through
forever

We are One essentially

Though we try to build up walls

And live on separately

The time has come to face reality

Asking when that day will be

That we will all come to see

Fly Like an Eagle (chant)

Fly like an eagle

Fly so high

Circling the universe

On wings of pure light

O i ichi Chi o, o yi yo

With Aching Heart

G Em Am D
So many years, how I tried to hide
So many fears, but You were deep
inside

chorus:

 G Em
And now with aching heart
 Am D
I come to You, into that quiet place
G Em Am D G
Oh My Lord, take me into Your warm
embrace

So many faces my Lord
I've seen them all before
So many places my Lord
But there are always more

So many souls, circling around Your
name
and so many rules, playing every game

Just like a child my Lord, in a land
of jewels
always wanting more, dazzled just
like a fool

So many people my Lord, living out
their
lives in pain
And so many voices my Lord
Longing to call your name

Through this Silence

Through this silence, I hear You
calling (x2)

Through this silence, Only Your
calling (x2)

chorus:

For You my Lord, In love I surrender
For You my Lord, For You I'll cry
For You my Lord, Service to render
For You my Lord, For You I'll die

Through this space, I see Your
vision

Through this space, Only your vision
Showing me that I am formless

Through this joy, I feel Your
radiance

Through this joy, Only Your radiance
Showing me that I am bliss

When I sing I hear You listening
When I sing, Only You listening
Showing me that I am divine

When I dance I feel Your rhythm
When I dance, Only Your rhythm
Showing me that I am timeless

When I fight, I feel Your presence
When I fight, Only Your presence
Showing me that I am fearless

There's a place in your heart (3rd Fret)

Em AM O G EM
There's a place in your heart where
there's room for everyone

 AM O G EM
Where there's love, peace, and joy
and a home forever more

 AM D G
EM
And since time has begun we have
searched our whole lives through

 AM D G
EM
To find that place in your loving
heart

Hidden Within

I feel the quickening of my
heartbeat

at Your call

Come like a swift wind from afar

All of the voices of the people one
and all

all are yearning now

To find out where You are

Hidden within, hidden within, hidden
within

You came without telling anybody
and without informing anybody You
departed. I had so many more songs,
in so many rhythms, to sing to You.
But without telling anybody You
departed.

I could never have imagined that You
would come to me like this.
And that You would suddenly leave
like this - leaving me amidst so many
flows of tears. In however much dust
there is on this earth, thousands &
thousands of flowers bloom out of
that dust. Into the inner-most core
of each of those flowers You poured
infinite sweet nectar.

Echoes of Your Love

Echoes of your love, shimmering in my
mind
Flowing pearls of peace, a trembling
falling leaf

With every breath I take of you,
Dissolve all my being
Every breath I take of you, Echoes of
your love

Reflections of your beauty,
murmerings beyond time
More than a thousand visions, a
single thought of you

Purest of love, rippling my soul
Silver mountain stream, vibrate your
song.

Love Is All Around

Love is all around, I feel it, Love
is all around

Love is all around, I feel it

Love is all around

Love is all around

Love is all around. (Peace,
Space, People...)

May the Love We're Sharing

Dm

May the love we're sharing
spread its wings

Fly across the earth

^C
and bring new joy

^{Dm}
to every soul that is alive

May the blessings of Your Grace
my Lord, shine on everyone

And may we all see the light within
within within

New World

I see a new world within, I see it
is within

It is too big to hold within

I proclaim it to the world

It is too big to hold within

I proclaim it to the world

My sisters, my brothers

A new world, a new world

Oh Parama Purusa (God), You are my dearest and are also dear to all. You are with one and all. We enjoy You physically and mentally. I do deep concentration day and night. Still I search for You in the mind. In the dreams of my sleep or awake, at all moments my mind is full of feelings of hope and hopelessness. Whichever colour is in Your mind, You dye that into my mind. Bathing in liberation, I have everything. And You also give that to all.

I am that I am

I am that I am, I am that I am
I am that I am, I am that I am

I'm neither body nor mind, eternal
self I am

I'm neither body nor mind, eternal
self I am

And every move I make, Is not a
step of mine

And every step I take, is just his
dance of time

Every song I sing, is through his
lips so sweet

And every flower I bring, his
perfect love complete

All the love we feel, is just the
love He gives.

The only life that's real is just
the life He gives

So feel Him in Your heart, as I
feel Him in mine

And we will never part, in this
sweet dance divine

You Fill Up My Senses

You fill up my senses
Like a night in the forest
Like the mountains in the springtime
Like a walk in the rain

Like a storm in the desert
Like a sleepy blue ocean

You fill up my senses
Come fill me again

Come let me love You
Let me give my life to You
Let me drown in Your laughter
Let me drown in Your arms
Let me lay down beside You
Come let me love You
Come Love me again

Please say something, please hear me -- don't go away so soon. Let me merge myself in You. On countless paths, flowing in countless streams... In a hundred ways, you keep me alive. Don't let the nectar of the flowers of my mind dry up. Don't go away so soon. Only You have I loved... I have fallen in love with You alone. In sorrow and happiness, day and night, I have kept the lotus of my mind blooming. Don't tear its petals...Don't go away so soon.
